ALL:

Good morning.

OS/ES assigned the attached letter to OASH for direct reply. The National Vaccine Program Office staff has pulled together a draft response and is requesting that I clear it with CDC, OGC, FDA, HRSA, NIH, and AHRQ for review prior to signature.

I'd appreciate your assistance with this task.

If I could hear back by cob on 12/13 that would be great.

Thanks so much.
