Re: NIH FOIA Case Nos.: 54106, 53963 & 54107; *ICAN v. National Institutes of Health*, No. 20-cv-01277

Dear Mr. Siri:

This is a partial response to Freedom of Information Act (FOIA) requests that are the subject of the Complaint filed in *ICAN v. National Institutes of Health*, No. 20-cv-01277. Your FOIA request, dated April 29, 2020, was received by the National Institutes of Health (NIH) on the same day.

You requested the following for the timeframe of November 1, 2019 through the date of the search for:

All emails sent or received by Anthony Fauci that include the term Moderna or mRNA-1273 in any portion of the email, including the body, subject, metadata, sender line, or recipient line of the email, or any attachment to the email.

and

All emails sent or received by Barney Graham that include the term SARS-CoV, COVID, COVID-19 or coronavirus in any portion of the email, including the body, subject, metadata, sender line, or recipient line of the email, or any attachment to the email.

NIH has processed 204 pages responsive to your request 53693, consisting of the entirety of the email correspondence for that request. Attached to this letter are 127 pages; NIH has sent the remaining 77 pages to the Department of Health and Human Services, the Centers for Disease Control and the White House for further review. NIH will provide a further response regarding

the consulted material once the consultations are complete. NIH has processed and attached 98 pages responsive to your request 54107. Also attached are 7 pages of returned consults from the July 2021 production to request 54106.

I have determined to withhold portions of the enclosed pages under FOIA exemptions (b)(4), (b)(5) and (b)(6). The information being withheld is protected from release pursuant to Exemptions 3, 4, 5, and 6 of the FOIA, 5 U.S.C. § 552 (b)(4), (b)(5) and (b)(6); and sections 5.31 (d), (e) and (f) of the HHS FOIA Regulations, 45 CFR Part 5. Exemption 4 protects from disclosure trade secrets and commercial or financial information that is privileged and confidential. Exemption 5 permits the withholding of internal government records which are pre-decisional and contain staff advice, opinion, and recommendations, as well as documents solicited and received by the President or his immediate White House advisers who have broad and significant responsibility for investigating and formulating the advice to be given to the President. Exemption 6 permits the withholding of privacy information, the release of which would constitute a clearly unwarranted invasion of personal privacy.

If you have any questions about this response, please contact AUSA Morrison, of the Department of Justice, at Kristina.Morrison@usdoj.gov.

Sincerely,

for Gorka Garcia-Malene
Freedom of Information Officer, NIH

Subject: Your COVID-19 talk on Wednesday

Dear Dr. Graham,

We are looking forward to your lecture on Wednesday. There are a few additional items that I need from you in order to finalize the planning of the event.

1. Do you have time tomorrow, Tuesday, April 21 for a 15 minute WebEx test? If so, please let me know your preferred time.

Looks like 2PM could work.

2. Can you please send me your CV? Steve Holland is planning to introduce you at the talk.

CV attached, but also a brief bio. He doesn't need to say too much.

3. We're planning to offer CME credit at your lecture. Can you please submit your disclosure online? Instructions below at the bottom of my message.

OK, will do.

Thanks so much,
Jackie

Jacqueline Roberts
Office of Intramural Research

Complete your disclosure online on Hopkins Cloud CME (JHU manages our CME program).

Go to the Hopkins CloudCME website at: <https://hopkinscme.cloud-cme.com/aph.aspx>

- o If you have an account, sign in with your user name and password (top left of screenshot) scroll down to the bottom of the page, **click the blue disclosure button**

- If you do not have an account, click the Sign Up button (yellow) and once signed up, follow the steps above
- If you need help contact cmetchsupport@jhmi.edu

Subject: Your COVID-19 Lecture Series talk next week

Dear Dr. Graham,

I'm helping with some of the logistics for your COVID-19 lecture next week. I have your lecture title and I'm wondering if you can send me a short lecture summary.

Also, we need to set up a time on Tuesday, April 21 to test the WebEx and videocast stream. What time works best for you? We can be completely flexible.

Thanks so much,
Jackie

Subject: VRC Senior Staff Meeting 3/19 @ 12PM

Good afternoon – we will hold a full Senior Staff meeting this Thursday, March 19, 12-2PM via Zoom. The majority of the meeting will be reviewing COVID-19 related activities. Please send me any specific agenda items in advance.

You should plan to review and test Zoom on your laptop, desktop, or mobile device prior to joining Thursday's meeting. If you've never used Zoom before, you'll be prompted to download the app before the meeting will open. Please review this tutorial on how to join a Zoom meeting, along with other helpful links and info, can be found at <https://support.zoom.us/hc/en-us/articles/201362193-How-Do-I-join-A-Meeting->. Please let me know if you have any questions, or need help troubleshooting Zoom in advance of the meeting. You are encouraged to use your video so we can see people in real-time when you join the meeting.

Subject: Time change for today's COVID-19 Lecture with Hilary Marston (now at 2:00 p.m. ET)

Today's inaugural COVID-19 lecture series talk will now begin at 2:00 p.m., rescheduled from 1:00 p.m. See below for additional information.

Please join us for a special remote lecture, "The Biomedical Research Response to COVID-19: A View from NIAID," by Hilary D. Marston, M.D., M.P.H., on Wednesday, April 15, from 2:00 to 3:00 p.m. via <http://videocast.nih.gov>.

The presentation is the first in new series of coronavirus-related lectures organized by the COVID-19 Scientific Interest Group and the NIH Office of Intramural Research. The lectures will take place on Wednesday afternoons.

To watch this lecture live, visit <http://videocast.nih.gov>. This lecture is open to the public. The lecture also will be archived on the NIH Videocast website, should you not be able to watch live or have difficulty watching at the time of the event.

Registration is not required. Individuals with disabilities who need reasonable accommodation to participate in this event should contact Jacqueline Roberts, (b) (6), or the Federal Relay, 800-877-8339.

- The COVID-19 SIG Moderators

For more information about the COVID-19 Scientific Interest Group, refer to <https://oir.nih.gov/sigs/covid-19-scientific-interest-group>.

To: List NIH-ALL-STAFF
Subject: CORONAVIRUS UPDATE: 2nd NIH Virtual Town Hall on Friday, April 24 at 1:00 p.m. ET

NIH Director Francis Collins will host a second Virtual Town Hall to update the NIH Community on NIH's activities in response to the COVID-19 pandemic and answer your questions. All NIH employees, contractors, fellows, and trainees are invited to join.

The event is on Friday, April 24, 2020, from 1:00 p.m. – 1:45 p.m. Eastern Time.

Please **submit your questions in advance using the subject line: TOWN HALL QUESTION to CoronavirusStaffQuery@od.nih.gov by 5:00 p.m. ET on Monday, April 20.** We will sort the questions and responses to the top 40 most frequently asked questions will be provided during the live event.

We recommend that you join at least 10 minutes before the town hall begins. **PLEASE NOTE: You must disconnect from NIH VPN and close other running applications on your computer to watch the webcast.**

Virtual Town Hall Details:

WEBCAST LINK: (b) (5)

Moderated by Francis Collins, NIH Director

Additional participants available to answer questions:

- Alfred Johnson, NIH Deputy Director for Management
- Julie Berko, NIH Chief People Officer
- Colleen McGowan, NIH Associate Director for Research Services

Instructions on how to view the NIH Virtual Town Hall:

1. Disconnect from NIH VPN and close other running applications on your computer. You may also watch this webcast using your smartphone.
2. Click on Webcast link: (b) (5)
3. Enter your first and last name in "Display Name" field.
4. Enter your NIH email in "Email" field.
5. Check the consent/authorization box.
6. Sign in as guest.
7. When the event is visible, click "unmute" in the upper right corner of the event window to hear the streamed audio from your computer speakers. Use your computer to adjust the volume.
8. A question mark icon is available on the right side. To ask a question, click on the icon, enter your question in the box, and hit submit. You will only be able to see your questions, not all questions. Also please note, the chat function is not enabled for this event.
9. A recording of the virtual town hall will be available on the intranet page:

(b) (5)

To view the event on an iPhone/iPad or Android device, click on the webcast link and follow the sign in as guest steps.

If you have issues joining the virtual town hall, please contact the NIH Service Desk, <https://itservicedesk.nih.gov> or 301-496-4357 (HELP).

Additional Resources:

- NIH Intranet page for staff on coronavirus: (b) (5)
- Webpage: <https://www.nih.gov/health-information/coronavirus>

The webcast will include closed captioning and sign language interpreters. If you need other reasonable accommodations to participate in this event, please contact Amanda Fine (b) (6) (b) (6) and/or the Federal Relay (1.800.877.8339).

Subject: RE: heads up

I still haven't heard back from ABC. But I know the only gaps in Dr. Fauci's schedule right now on Monday are 11-1 and 3-4. We warned ABC it might get cancelled last minute and I am waiting to hear if they still want to come.

If this moves forward, I was thinking they would do a half hour of b-roll first if they need it—I sent them the b-roll package we already filmed. Then Dr. Fauci would come to the lab and they would do 15 mins of Dr. Fauci talking to Dr. Ashton with the computer screen and then hand held model. Dr. Fauci will likely want Dr. Corbett and/or Dr. Graham on hand if he has questions. Then we would have a half hour for an interview between Dr. Ashton and Dr. Fauci.

Nissa—do you know if the large conference room downstairs is available on Monday? That would be ideal location for the interview so they can go right from the lab and head downstairs. If not, I probably will have to have ABC send another crew to set up in his office.

Thanks for the heads up, Jen. Drs. Graham and Corbett, please let us know if you have any can't-miss scheduling on Monday.

If ABC does come to campus, Jen, do you anticipate that they would interview in the lab?

We will stay tuned.

Best,

Hi VRC CoV team,

Sharing the agenda again for Tuesday's visit from NPR. Please let me know if you have any questions or updates.

At 11:30 AM, I will bring Rob Stein, NPR and Anne Oplinger from the NIAID News and Science Writing Branch up to Barney's office for his interview. Afterwards we will move to the lab for a quick tour. Right now Kizzy's interview is planned to take place in the lab but if it proves too loud for radio, we might need to use Barney's office as a backup.

Rob will take photos so please help with a visual check for safety and confidentiality. He'd like to record some ambient sound in the lab so confidentiality would also apply there. Rob covers the health and medicine beat for NPR in addition to being the senior editor at the NPR science desk. His stories are available [here](#) if you would like to see how he has covered coronavirus.

Please be in touch if there are additional scheduling or content considerations.

Have a great weekend,
Nissa

Subject: SARS - CoV-2T Cell Assay Discussion

Title of Meeting: SARS-CoV-2 T Cell Assay Discussion

Principal Meeting Organizer: Kaitlyn Morabito

Goal of Meeting: To discuss T cell assays for SARS-CoV-2.

Date: March 10th

Time: 1:00pm

Allotted Time: 1 hour

Location: 40/3rd Floor Conference Room (Goto meeting)

VRC Participants: Barney Graham, Tracy Ruckwardt, Kizzmekia Corbett, Kaitlyn Morabito and Karin Bok

La Jolla Institute for Immunology Participants: Daniela Weiskopf, Alessandro Sette and Alba Grifoni

Draft agenda items:

1. Introductions
2. Review Data from LJI
3. Discuss next steps

Thank you,

LaTanya

Subject: VRC/Reithera Coronavirus Discussion

**** CONFIRMATION ****

Title of Meeting: VRC-Reithera Coronavirus Discussion

Principal Meeting Organizer: Karin Bok

Goal of Meeting: To discuss Coronavirus research activities and common areas of interest, briefing on [REDACTED] (b) (4)

Date: 3/20/20

Time: 4:30PM (EST)

Allotted Time: 1 hour

Location: 40/Conference Room 1207 (Goto)

VRC Participants: John Mascola, Barney Graham, Karin Bok, Jason Gall, Kizzmekia Corbett, Kaitlyn Morabito, Gabriela Alvarado, Kevin Carlton, Julie Ledgerwood and Nancy Sullivan

Reithera Participants: Alessandra Vitelli, Alfredo Nicosia, Stefano Colloca and Antonella Folgori

Agenda:

- Introductions
- Discussion on SARS-CoV-2 situation in Italy (Reithera)
- Overview of [REDACTED] (b) (4) (Reithera)
- Status of GRAd^{(b) (6)}-SARS-CoV2 vaccine development (Reithera)
- Overview of SARS-CoV-2 Pre-S vaccine antigen design (Barney Graham)
- Discussion on potential areas of synergies and collaboration
- Adjourn

-
Thank you,
LaTanya

Attachments: WH visit VRC 3March2020 V3.pptx

These are the final slides that I will use on the 2nd floor tomorrow. The last one is just there for questions. Otherwise I will stop on the one listing VRC products. I will introduce Dr. Corbett on slide 4 and she will briefly describe the vaccine concept with slide 5, I will highlight the timeline and then quickly show the 2 VRC slides.

I will also have on a USB and my laptop as backup.

Barney

Subject: ASV 2020 Abstract Decision (3398501)

Thursday, 16-Apr-2020

Dear Seyhan Boyoglu-Barnum,

It is a pleasure to accept your submission (3398501) entitled "**Elicitation of broad protective immunity to influenza viruses by computationally-designed hemagglutinin-based nanoparticle immunogens**" for presentation at the American Society for Virology 39th Annual Meeting, June 13-17, 2020 at Colorado State University in Fort Collins, Colorado.

PRIOR TO THE CANCELLATION OF THE MEETING, you were selected to give a 15' talk in the Broadly Reactive Viral Vaccines workshop. Although the meeting has been cancelled, ASV still wants you to be able to acknowledge your abstract acceptance. It can be listed on your curriculum vitae (CV):

American Society for Virology Abstract Accepted as Oral Presentation (meeting canceled due to COVID-19 pandemic).

Thank you for your contribution. On behalf of the ASV 2020 Program Committee, we look forward to

your continued contributions.

Sincerely,

Andréa Garcia
American Society for Virology

Hello All,

I know you are busy and we are not anywhere near the top priority, but I would like to know when to expect the (b) (5) I need to alert our warehouse when to expect things so that they will actually deliver them to the lab. Barney indicated to Stavros that we should have the (b) (5) by now, which I do not. I want to know if it was sent and where it was sent. I have the (b) (5) and the electronic copy of your protocols. Was the (b) (5) sent to:

Robert Petrovich
111 T.W. Alexander Dr.
NIEHS, room F188
RTP, NC 2770p

Thanks for your time. I appreciate your help on this.

Bob

Robert Petrovich Ph. D.
Director, Protein Expression Facility

Dr Barney Graham
National Institute of Allergy and Infectious Diseases
40 Convent Dr, Bldg 40, Rm 2502
Bethesda, MD 20892
United States

Dear Dr Graham:

We recently sent you a request to review a submission for the following Research Letter, '(b) (6), (b) (4)' (b) (6), (b) (4) We did not receive your response. We would appreciate your assistance in reviewing it. The abstract, if available, appears below.

We are especially interested in your assessment of the originality and quality of the manuscript and the importance and suitability of the paper for the readership of the journal.

If you accept this request by clicking below, the manuscript will be assigned to you, and you can begin the review process online. We ask that you complete your review within 3 days of agreeing. CME credit is available for physician peer reviewers whose reviews meet standards of timeliness and quality.

While most conflicts of interest are not disqualifying, if you perceive that you have a disqualifying interest, either financial or otherwise, please contact me immediately (if possible, with the names of alternate reviewers). This will not affect your reviewer status.

Please let us know within 48 hours of receipt of this email whether or not you are available to review. We look forward to hearing from you.

To agree or decline review of this manuscript, click on the link below. You will be required to enter your password. If you are unable to locate your password please click the "Unknown/Forgotten password".

Please do not share this email with anyone.

(b) (6), (b) (4)

Note: The URL may break between 2 lines in this email. If so, please cut/paste both lines into your web browser. There should be no spaces, and the complete URL ends with "Z". If you experience difficulty reaching the article, please contact me at the email or phone number below.

Our Web-based peer-review system allows you to access and review manuscripts online, available at (b) (6), (b) (4) using your standard Web browser.

Instructions to assist you in using the site are accessible from the site's top navigation bar.

We consider this request and the information in this email to be strictly confidential. Please do not forward this email to others and please delete or destroy any copies of this email.

CME CREDIT: For each manuscript review that is of good quality and is completed and returned within the specified time frame, physician peer reviewers are eligible to claim CME credits.

Thank you so much for considering this request.

Sincerely,

Jody W. Zylke, MD
Deputy Editor, JAMA
Letters Section Editor

Subject: Nature Microbiology Review Request - Manuscript (b) (6), (b) (4)

13th April 2020

Nature Microbiology Review Request (b) (6), (b) (4)

Dear Dr. Graham,

I hope you're doing well and that life is still somewhat normal despite the ongoing coronavirus pandemic. Here in the UK we're mostly working from home and practicing "social distancing". But work carries one here, so I am contacting you today on behalf of Nature Microbiology to ask if you would be interested in helping us assess a manuscript submitted by (b) (6), (b) (4)

(b) (6), (b) (4) first paragraph is pasted below.

I very much hope that you will be able to advise us on this manuscript. Ideally we would like to receive your report within 14 days of receiving the paper, but please let me know if a short extension would allow you to help us with this review.

IMPORTANT

Nature Microbiology uses a transparent peer review system for new original research manuscripts submitted from 1st December 2019. If the manuscript is accepted, the authors may agree for the reviewer comments to the authors, the author rebuttal letters as well as the editorial decision letters to be published as a supplementary file associated with the manuscript. Any confidential comments between you and the editor will not be published. We do not support mark-up of the manuscript as a way of submitting reviewer comments due to the journal following transparent peer review. By submitting a reviewer report you agree to the publication of the comments made to the authors. Unless you sign the report with your name in those comments to the authors, we will respect and maintain your full anonymity. For more information, please refer to our [FAQ page](#).

If you are unable to review this paper, we would be grateful if you could suggest potential alternative reviewers, keeping in mind that Nature-branded journals strive toward an equitable demographic

representation within our reviewer pool, for example, with respect to gender and geography. More information about our commitment to diversity can be found [here](#).

Thank you in advance for your help, and I look forward to hearing from you soon.

With best wishes,
Paula

(b) (6), (b) (4)

Please note that your contact details are being held on our editorial databases which are used only for

the management of the peer review process, and we might contact you in relation to Nature Research journals other than this one when your expertise is appropriate. If you would prefer us not to contact you in the future please let us know by emailing microbiology@nature.com.

COVID 19 and impact on peer review

As a result of the significant disruption that is being caused by the COVID-19 pandemic we are very aware that many researchers will have difficulty in meeting the timelines associated with our peer review process during normal times. Please do let us know if you need additional time. Our systems will continue to remind you of the original timelines but we intend to be highly flexible at this time.

Subject: Shipping Protocol for coVip (b) (6) - To Start Wednesday, 03/08/2020

Good evening all,
Thanks to everyone who has come together to facilitate an organized shipping protocol for incoming CoV (b) (6) requests.

(b) (5), (b) (3) (A)

Let's see how this week goes, and amend aptly. I hear that Jason McLellan and Florian hired shippers to fulfill their requests so in our case, *teamwork makes the dreams work*, as always.

Cheers,

--
