Dear Ms. Lucas:

Yes, undergraduate students may decline the hepatitis B and meningococcal meningitis vaccines; our processes will be updated to reflect this option.

Best regards,

Marika

Marika:

Thank you for the response. Can you please clarify your response for me? Are you stating that UM is now accepting meningococcal meningitis waivers for all undergraduate students?

Dear Ms. Lucas:

We are in receipt of your letter dated June 8, 2022 regarding the vaccine requirement for undergraduate students. Thank you for bringing this matter to our attention. We are reviewing our processes to ensure compliance with Florida Statute Section 1006.69 as it applies to both graduate and undergraduate students at the University so that all students have the option to decline the required hepatitis B and meningococcal meningitis vaccinations.

Please let me know if you have further questions.

Best regards,
Marika
