Dear Mr. Siri:

This letter is in response to your Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request of October 6, 2023, for "All documents sufficient to support that COVID-19 vaccines do not change or interact with a vaccine recipient's DNA in any way." This request was opened upon remand of your prior FOIA request #22-00860.

Subject matter experts have informed us that it is not biologically possible for the vaccines to change or interact with an individual's DNA, but nevertheless conducted a search for records. Neither the National Center for Emerging and Infectious Diseases, nor the National Center for Immunization and Respiratory Diseases located records.

You may contact our FOIA Public Liaison at 770-488-6246 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

If you are not satisfied with the response to this request, you may administratively appeal to the Deputy Agency Chief FOIA Officer, Office of the Assistant Secretary for Public Affairs, U.S. Department of Health and Human Services, via the online portal at <https://requests.publiclink.hhs.gov/App/Index.aspx>. Please mark both your appeal letter and envelope "FOIA Appeal." Your appeal must be electronically transmitted by March 4, 2024.

Sincerely,

A handwritten signature in black ink, appearing to read "Roger Andoh".

Roger Andoh
CDC/ATSDR FOIA Officer
